Dear parents,

Parent questionnaire results

Many thanks to the parents who responded to our annual questionnaire last month; once again the level of satisfaction shown from parents is extremely high.

We are delighted that 99% of parents feel that their child is happy and safe at school. Another real positive from the survey was that 100% of parents feel that their children with SEND are well supported.

Thank you to those of you who took the time to complete the questionnaire.

You can also give your views at any time on Parent View: <https://parentview.ofsted.gov.uk/>

Yours faithfully,

Paula Chisholm
