

Ashbourne Primary School's RE Scheme Of Work with skills and knowledge progression

Intent:

RE (Religious Education) at Ashbourne Primary School equips our children with an awareness of a range of faiths and religions in order to live in a contemporary society. Our work is underpinned by our vision and aims: 'Nurturing aspiration through happy, creative learning'. Our PRAISE aims are at the heart of every lesson and our focus on the removal of barriers to learning is firmly embedded into all areas of the RE curriculum.

RE teaching at Ashbourne Primary School aims to challenge misconceptions, provoke challenging questions and develop tolerance. All children will visit a place of worship and be exposed to difference in people, communities and faiths, helping them to develop an inclusive attitude to our multicultural society.

The curriculum is planned and sequenced over a two-year period in KS1, A two year rolling programme between year three & four because of the numbers, and annually in year five and six. The children will cover three of the main religions in KS1 - Christianity, Islam and Judaism, and five in KS2 - Christianity, Islam and Judaism, Hinduism and Humanism. Each year planning will include a visit to a religious building or a faith based workshop. Covering different aspects of the same religions is based on the principal that learning has only happened when processes and facts (knowledge) are in pupils' long-term memory. This takes time and repetition. Planning the curriculum in this way, allows pupils to establish fundamental foundations into their memories before advancing and applying concepts across a range of tasks and topics.

National Curriculum Aims

The threefold aim of RE elaborates the principal aim.

The curriculum for RE aims to ensure that all pupils:

1. Know about and understand a range of religions and worldviews , so that they can:

- Describe, explain and analyse beliefs and practices, recognising the diversity which exists within and between communities and amongst individuals
- Identify, investigate and respond to questions posed, and responses, offered by some of the sources of wisdom found in religions and worldviews
- Appreciate and appraise the nature, significance and impact of different ways of life and ways of expressing meaning.

2. Express ideas and insights about the nature, significance and impact of religions and worldviews, so that they can:

- Explain reasonably their ideas about how beliefs, practices and forms of expression influence individuals and communities
- Express with increasing discernment their personal reflections and critical responses to questions and teachings about identity, diversity, meaning and value, including ethical issues
- Appreciate and appraise varied dimensions of religion.

3. Gain and deploy the skills needed to engage seriously with religions and worldviews, so that they can:

- Find out about and investigate key concepts and questions of belonging, meaning, purpose and truth, responding creatively
- Enquire into what enables different individuals and communities to live together respectfully for the wellbeing of all
- Articulate beliefs, values and commitments clearly in order to explain why they may be important in their own and other people's lives

Impact:

We assess the impact of our curriculum by checking that our children know more and remember more. Teachers ensure pupils regularly revisit prior learning over time. This ensures learning is embedded into pupils’ long-term memory. Explain your learning is one of the school’s PRAISE aims and this skill ensures children can confidently articulate what they know and have learned.

Teachers and leaders monitor the impact of the curriculum through:

- Key questioning
- Observations within lessons
- Outcomes from tasks/topics
- Flashback Friday
- Regularly revisiting flashcards
- Memory Minute
- Pupil voice
- Curriculum Team reviews
