Ashbourne Primary School

Accessibility Plan

2024-2027

Ashbourne Primary School is an inclusive school. We are committed to giving all our pupils every opportunity to achieve the highest of standards.

This plan shows how Ashbourne Primary School intends to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our objectives are detailed in the Action Plan below. However, this Accessibility Plan is not a standalone document, but should be considered alongside the following school policy documents:

- Disability Equality
- SEND Information Report
- Equal Opportunities
- Special Educational Needs & Disabilities (SEND) Policy
- Local Offer
- Safeguarding Policy
- Health & Safety Policy
- Staff related policies, e.g. risk assessments, Derbyshire County Council Return to Work Procedures

Legislation and Guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Current range of known disabilities

The school has children with a range of disabilities to include moderate and specific learning disabilities. **At present we don't have any pupils with a hearing impairment or a visual impairment.**
